

"FLYING ON THE GROUND" LYRICS

The sun is right in front of me
The trees are underneath my feet
I'm sailing on the minty sky
A smile is painted on my face
Cause everything is falling into place
And you're the reason why

My troubles are below me
And loneliness can't catch me
I've been riding high since you've been around
And with you right here beside me
I'll take whatever this world gives me
And gravity will never bring me down
Cause I'm flying on the ground

Yeah, yeah, yeah

My world was shaking in the past
My confidence was made of glass
Thought I was stranded in my blues
But now my feet are solid under me
I'm walking tall on the earth beneath
And it's all because of you

My troubles are below me
And loneliness can't catch me
I've been riding high since you've been around
And with you right here beside me
I'll take whatever this world gives me
And gravity will never bring me down
Cause I'm flying on the ground

Flying on the ground

My troubles are below me
And loneliness can't catch me
I've been riding high since you've been around
And with you right here beside me
I'll take whatever this world gives me
And gravity will never bring me down (never bring me down)

My troubles are below me
And loneliness can't catch me
I've been riding high since you've been around
And with you right here beside me
I'll take whatever this world gives me
And gravity will never bring me down
Cause I'm flying on the ground
